eSMART SCHOOLS
As part of their commitment to support school communities in being safe, smart and responsible online, The Alannah and Madeline Foundation will be facilitating a parent seminar at our three Federation Primary Schools. Facilitated by the experts in their eSmart Schools team, parents will be presented with all the latest trends and research about cybersafety and online behaviours. Strategies and guidelines will be discussed that relate to safe, smart and responsible uses of technology in the home. The eSmart Schools program is a cultural change initiative developed by the Foundation in consultation with academic and industry experts. eSmart aims to create positive, respectful and inclusive cultures that reduce bullying, cyber bullying and increase cybersafety. This meeting is COMPULSORY FOR ALL PARENTS OF GRADE 5 STUDENTS. All other parents are encouraged and welcome to attend as a way of remaining informed about this important cyber safety aspect of your child’s behaviour when using technology. The Cana e-smart Policy is now available in the “Our School” section of the school website. All parents are encouraged to become familiar with this policy.

You are invited to attend a Parenting meeting on Tuesday 19th April 2016 (Term 2) which will be presented by Patrice Wiseman from Catholic Education Melbourne. This session encourages parents to reflect on their own parenting style, learn some great simple strategies and understand the behavioural support processes that are being implemented with the school environment, along with the importance of home and school working together for the benefit of your child.
