UNITS:

• **Creation:** This is how God made the world. God is great. God is wonderful. God is powerful.
• **Mary MacKillop:** Mary helped and cared for her family.
• **Jesus:** Jesus belonged to a family. Jesus had aunties, uncles and cousins.
• **Mary:** Mary, Jesus’ mother, was Joseph’s wife.

Assessment: Creation

*Main Idea:* This is how God made the world. God is great. God is wonderful. God is powerful.

We hope that the children during this unit will:

• Develop their sense of wonder at God’s creation.
• Explore the gifts of creation.
• Thank God for all of creation.
• Understand to care for and protect all creation.
• Understand that God is wonderful and powerful.

Things your child will learn:

• The story of creation is found in the Old Testament.
• God created our world and everything in it.
• Everything God made is good.
• God’s creation is a gift to us.
• Through water God gives life to all creatures.
• God cares for us in all the seasons.
• God gives us love through the day and the night.
• God cares for all the living creatures.
• God made all of the colours.
• God wants us to enjoy the many sounds of his beautiful world.
• God gives us all kind of food from his creations to enjoy.
• People are God’s greatest gifts to us.
• We need to take care all of God’s Creation.

Things your child will do to show what they have learnt:

• Create different aspects of God’s creation through the use of different materials.
• Learn a prayer thanking God for day and night.
• Create a poster to demonstrate how we can look after all of creation.
