

what is

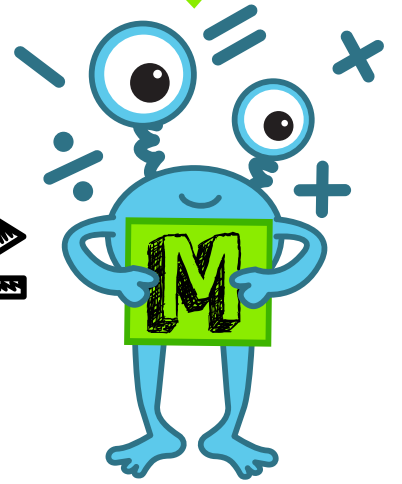

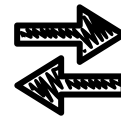

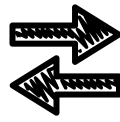

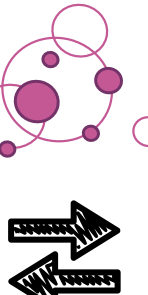

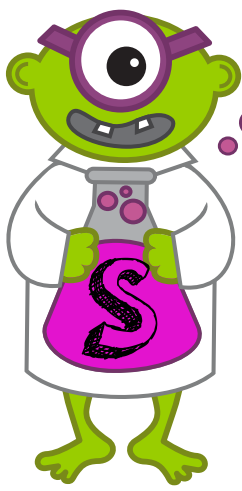

# STEM?

science

technology

engineering

math

Why is it Important??

We can use **STEM** to help our world.

We need the skills to explore and examine...then make improvements to our world based on what we find. By studying the subjects of

**SCIENCE, TECHNOLOGY, ENGINEERING & MATH**

we are learning important skills that we can use to solve problems and make advancements. Let's work together to improve our world!

## THE STEM PROCESS

Ask

Define the problem

Imagine

Brainstorm solutions

Plan

Make a plan

Experiment

Test it out

Improve

Make it better!

# Be STEM-Terrific!!!

Explore, discover, take risks, make mistakes, improve & never give up!
